Dear Mr. Glinkowski,

On behalf of MABAS Division 22, I would like to thank you for your generous donation of the pallet of Chem Oil-Away. This product is very useful for fuel spills and other fluids that we encounter during vehicle accidents along with other types of incidents. With everyone's economic issues, this donation comes at the great time. Again I thank you for your donation and appreciate your company supporting out division.

Sincerely,

Thomas Styczynski, Division President
